I. Program Description

1. Basic Information

(1) Program Introduction

The Academic Education Programs sponsored by the Ministry of Commerce of the People's Republic of China are designed to foster high-caliber business officials and managerial personnel for the recipient countries, which was launched in 2008 to offer one-year and two-year master programs as well as three-year doctoral programs to educate high-caliber and inter-disciplinary talents working in the applied fields of government, trade, foreign affairs, agriculture, technology, education, culture and health, building intellectual capacity and facilitating socioeconomic development. These programs provide assistance to governmental officials, research fellows, and senior managerial personnel on their master's and doctorate education in China, which are fully conducted in English. The admission requirements for a candidate include a bachelor's degree, relevant working experience, and a decent physical condition, essential for the high-compact curriculum needed for the degrees.

The graduates of such programs are now working in their specialties back home and undertaking an increasingly significant role in the economic development and cooperation between China and their home countries.

For the positive effects and good results brought about by these programs in strengthening the economic ties and friendly relations between China and the recipient countries, the Ministry of Commerce of the People's Republic of China will continuously intensify its efforts in enlarging the enrollment scale and improving the quality of education. We believe that by attending the programs and achieving the degrees, you will embrace a successful career and brighter future.

The Master Degree Program in Educational Management and Policy of Northeast Normal University (NENU) aims at cultivating educational management specialists with modern management visions, sound academic

⑦All students are required to attend the annual evaluation. The ones who are proven qualified can enjoy the full scholarship for the second academic year.

⑧The rest expenses are managed for use in a coordinated way by the Ministry of Commerce of the People's Republic of China or the university and will thus not be distributed directly to the students. Every admitted student will be financially aided only within his or her academic years, but if his or her graduation is postponed for some reason or other the student will no longer be financed.

2. University Introduction

(1) About NENU

Northeast Normal University (NENU) is a higher learning institution

Academic Education Programs Sponsored by Ministry of Commerce PRC

under the direct administration of the Ministry of Education of the People's Republic of China. It is one of the national key universities given construction priority of Project 211 and Project Double First-class. NENU is located in Changchun City—the beautiful Spring City of Northern China and is reputed as the cradle of teachers.

NENU currently has over 15,000 full-time undergraduate students, more than 15,000 master's students, over 3,000 doctoral students, and around 700 international students. There are over 1,700 full-time teachers, including 560 professors and 657 associate professors. The university comprises 21 schools, covering 12 disciplinary categories, with 82 undergraduate majors. NENU has 46 majors selected as national first-class undergraduate program construction sites and 3 bases for the Ministry of Education's national training program 2.0 for top students in basic disciplines. There are 24 doctoral programs of the first-level disciplines, 37 master's programs of the first-level disciplines, 1 doctoral program of professional degrees, and 21 master's programs of professional degrees. There are 24 post-doctoral research stations.

The university has six national "Double First-Class" disciplines, including Marxism, education, world history, chemistry, statistics, and materials science and engineering, ranking 19th nationally in the number of selections. NENU also has five national key disciplines in ideological and political education, principles of education, world history, cell biology, and ecology. In the fourth round of discipline evaluation by the Ministry of Education's Degree Center, six disciplines were rated as Class A (including one A+), and 15 as Class B.

Currently, NENU has 21 schools (faculties) receiving international students from 110 countries and regions. Every year, the number of international students coming to study at NENU is about 1,000 people. As always, NENU's students are widely welcomed by society for their sound professional knowledge and skills, and rich practical experience, thereby playing an important role in promoting the socioeconomic development of their home countries.

(2) About the Faculty of Education, NENU

The Faculty of Education of NENU was founded in 2012 through the emergence of the Department of Education (1951) and the School of Science of Education (1994). Over the past 70 years, the Faculty of Education of NENU has cultivated a batch of outstanding teachers, cadres, experts and scholars, making it an important bridgehead for academic research and cultivation of specialists in education and psychology.

The Faculty of Education of NENU is famous for its brand “NENU Training” in China. With high-level training platforms, the Faculty of Education of NENU has not only hosted different kinds of national training programs but also pushed forward with the “U-G-S” (University-Government-Primary and Secondary School) coordinated innovation and development mode in many places in China. In addition, it has established close cooperative relations with provinces (cities, districts) in which project research, training and experience popularizing are integrated, which, in turn, has reflected its outstanding capacity to serve society.

As a pioneer and an engine in Northeast China for the development of New China’s science of education, the Faculty of Education of NENU will keep a close eye on the international academic frontier and the demand for national development, and push forward with the construction of disciplines, the integration of specialist cultivation, academic research and social service, and the featured, connotation-oriented development, thereby making a greater contribution to the prosperity, scientific development and reform of education of China!

(3) Living Condition

NENU is located in Changchun, a city with four distinctive seasons ideal for an outing in Spring, enjoying coziness in Summer, appreciating leaves in Autumn and playing snow games in Winter. The very pleasant period is from April to October in Changchun City, with an average temperature of 16℃. The

Academic Education Programs Sponsored by Ministry of Commerce PRC

ice-snow season is from November to March and the temperature averages at -9°C . Accessible to convenient traffic and affordable consumer products, NENU has two campuses consisting of about 940 beds in four buildings for international students. Single rooms on the Renmin Street Campus (Campus near the intersection of Ziyou Road and Renmin Street) will be provided to the candidates enrolled in the master's degree program in educational management. All buildings are very well equipped with in-door bathrooms, cable TVs, WIFI, kitchens, western food restaurants, supermarkets and other necessary facilities. In addition, there are four dining halls with halal food.

(4) Master Thesis

① Specific Requirements for Graduation Thesis

As part of the thesis preparation process, students are required to finalize their thesis topics before the end of the second semester and participate in the thesis proposal presentation. The Faculty of Education, as the responsible unit, assists students in selecting thesis advisors. The graduate thesis should be independently completed by the student under the guidance of the advisor, and in accordance with relevant laws and regulations such as the Provisional Measures for the Implementation of the Regulations of the People's Republic of China on Academic Degrees, the Regulations of Northeast Normal University on Academic Degrees and the Standard of Academic Degree Thesis of the School of Postgraduates of Northeast Normal University. The organization of thesis evaluation and defense should also follow these regulations. The selection of a thesis topic should focus on issues with academic and policy significance, demonstrate a certain level of innovation, and fully reflect the student's ability to independently analyze and solve problems, as well as their theoretical proficiency.

② Specific Requirements for Thesis Defense

Students who have passed all course assessments, earned sufficient credits, and undergone external thesis review are eligible to participate in the thesis defense. The Faculty of Education will organize a defense committee composed of relevant experts from within and outside the university, who will vote on the student's defense performance.

(5) Degree Requirements

Every student is required to successfully complete the 31-credit coursework, master thesis and thesis defense within the required time period. After meeting the above requirements and with the approval of the University

Degree Committee, the Master Degree in Education will be awarded.
