1. GUIDELINES FOR THE PREPARATION FOR THE COUNTRY REPORT

A Country Report is an in-depth report that contains an analysis of the current development issues facing your countries in your fields of expertise. The KOICA's Fellowship Program includes a Country Report session where participants have an opportunity to share these issues with other participants and Korean experts. Throughout the course, you engage in debates and discussions to resolve them.

A Country Report is directly connected to an Action Plan. Based on what you present and discuss throughout the course, you are requested to present an Action Plan on the last day to develop practical measures to apply the knowledge, technology and experience to your worksite.

Program participants are requested to prepare and submit your Country Report individually or as a group to the Soonchunhyang University Program Manager via e-mail at jimmy@sch.ac.kr until **July 15, 2017**. The Country Report should be in MS PowerPoint or Word format. The length of the report should not exceed twenty A4-sized pages. The report should be written in English and double-spaced.

All participants are required to give a 15-minute presentation on the second day of the program on your Country Report individually or as a group. For more effective presentations, a projector, slide projector, overhead projector, and multimedia TV will be available (PowerPoint presentations are preferred).

2. TOPICS TO BE COVERED IN THE COUNTRY REPORT

In the first week of the course, all participants will make an individual or group presentation titled "Country Report" following the guidelines below:

Based on what you have studied and experienced throughout the courses, you are requested to present an action plan on the last week of the course.

A. Possible subject

Possible subject 1: The historical relations between the participant's country and Korea

Possible subject 2: Researching the current status of Korean companies in the participant's country and people's perception of products and companies

Possible subject 3: Korean language institutes, students studying Korean and the curriculum in the participant's country

Possible subject 4: Interests and understandings of Korean culture in the participant's country

B. Details of Country Report Preparation

● Data collection, reporting and monitoring system

- SCH will provide participants a guideline by e-mail to prepare the country report in order to write it objectively.
- Analyze the data and come up with a conclusion reflecting your own opinion.

● Relevant information

- Major events, historical relationship, economy, diplomacy, etc.
- The number of companies and employees, major business, the size, potential for growth, the way to get a job in Korean companies, etc.
- Korean language curriculum, Korean class, the number of Korean language teachers, teaching methods, etc.
- Popular Korean food, drama, movies, K-pop, etc.

1. GUIDELINES FOR PREPARATION OF THE ACTION PLAN

An Action Plan is a specific plan created by participants on how you can apply your learning to your worksite. Action Planning is a process which will help you to identify your objectives and decide what steps you need to take to achieve your goals. Establishing and implementing your Action Plan will not only contribute to your professional development but also to positive organizational change.

A good Action Plan entails who will do what, when, and how in detail. Please keep in mind that meeting the financing requirement including budget and time line is crucial to make your action plan feasible and applicable to your worksite.

All participants are requested to prepare a presentation on your Action Plan individually or as a group at the end of the course. You are encouraged to make the most of your weekends and leisure time to further your knowledge acquired from the course and better prepare your presentation for the Action Plan.

Participants receive feedback from Korean experts who can share their insight and help further improvement of the Action Plan. After returning to your own countries, KOICA will continually follow up with participants to learn what kind of progress is being made in the implementation of your Action Plan. KOICA expect all participants to achieve your desired outcome.

2. TOPICS TO BE COVERED IN THE ACTION PLAN

- a) Identify various problems related to each country's current education for Korean language and find better ways to change it to solve the problems.
- b) Devise the best way of how to expand the participant's career spectrum in the area of getting a job or trading goods connected with Korea.
- c) Activities as a bridge between S. Korea and participant's own country culture.
- d) Plans you want to introduce to spread global citizenship in your own country.

1. TRAINING INSTITUTE**Soonchunhyang University(SCH) (<http://www.sch.ac.kr>)**

Originally founded as a medical college in 1978, Soonchunhyang University is now recognized as a highly regarded institution of higher education. Undergraduate programs are offered through six colleges: Humanities, Social Sciences, Natural Science, Engineering, Medical Sciences and Medicine.

INTRODUCTION OF KOICA

is a development cooperation agency of the Republic of Korea which was established in 1991. KOICA's mission is to reduce poverty, promote living standards and help realize sustainable, equitable and inclusive development in developing countries. To accomplish its mission, KOICA has been actively involved in enhancing developing countries' socio-economic infrastructure and institutions, providing the people of the developing world with opportunities for better lives and improving their well-being.

KOICA Fellowship Program

Human Resource Development (HRD) has been one of the most important factors in Korea's escape from the vicious cycle of poverty and underdevelopment which had existed for many decades. With scarce natural resources, HRD played a vital role in Korea's development; thus, Korea has emerged as an exemplary showcase of national development powered by HRD. From its own experience Korea came to fully recognize the significance of HRD. With extensive experience and know-how in HRD, Korea contributes greatly to the international community by sharing its unique development experience with other countries.

The KOICA Fellowship Program is one of KOICA's main projects to support partner countries secure human resources for their development. The primary objective of the Fellowship Program is to share important technical skills and knowledge as well as to build capacities for sustainable socio-economic development. The program is composed of a wide range of topics, including public administration, economic development, science and technology, agriculture and health, etc. In order to meet the changing needs of partner countries, KOICA always strives to renovate and improve its Fellowship Programs.

Appendix 2.

KOICA FELLOWSHIP PROGRAM (CIAT)

KOICA has launched a brand-new name for the KOICA Fellowship Program in order to more effectively raise awareness about the program among the public and its partner countries.

In English, CIAT stands for Capacity Improvement and Advancement for Tomorrow and in Korean it means “seed (씨앗)” with hopes to contributing in the capacity development of individual fellows as well as the organizations and countries to which they belong.

The CIAT Program provides participants with opportunities to gain first-hand knowledge of Korea’s development experience. The programs are designed to enable participants to apply what they have learned for the development of their home countries. Since 1991, KOICA has offered about 4,255 courses to more than 69,981 participants from 172 countries.
